

Breastfeeding...

The Affordable Care Act

Great News! Through the Affordable Care Act, your insurance company may provide you with a breast pump after delivery! Call them to find out!

When you call your insurance company to see if you are eligible to receive a breast pump, here is a list of questions to ask. The toll-free number will be on the back of your insurance card.

1. Will I be able to get a pump from you?
2. What kind of pump will I receive and from what manufacturer?
3. What type of pump will I receive?

- Manual pump
- Double electric personal pump
- Hospital-grade rental pump

4. What documentation is required (i.e., do I need a doctor's order)?
5. Any other information about the process that I should know before delivery?
